

Introduction

- In this project we have created a website for Sports club running in Jalandhar called "Club Run". We have used HTML and CSS for creation of this website.
- The Sports club is committed to provide a healthy sporting habit among the students. It helps to learn teamwork at work, coordination among diverse cultural & ethnic groups and mainly infuses discipline & instills the value system in one individual. Value of time, precision & competitiveness are the major learning points apart from communication, coordination & teamwork.

Features

- There is **clickable buttons** on website which redirects the user to about us page,contact us page,etc..
- There is **brief description** about different **sports** available at club
- There are **images** exclusively for each sport
- The website is very **user-friendly**

----- Why Club Run ??? -----

A sports club or sporting club, sometimes an athletics club or sports society or sports association, is a group of people formed for the purpose of playing sports. Sports clubs range from organisations whose members play together, unpaid, and may play other similar clubs on occasion, watched mostly by family and friends, to large commercial organisations with professional players which have teams that regularly compete against those of other clubs and attract sometimes very large crowds of paying spectators. Clubs may be dedicated to a single sport or to several.

-- Responsibilities --

- # Creating team schedules.
- # Negotiating player and coach contracts.
- # Promoting through various media outlets.
- # Ensuring compliance with policies and rules.

" CLUB RUN "

Introduction

A Sport Club is defined as a registered student organization that exists to promote and develop interest in a particular sport or physical activity. A club's focus may be recreational, instructional, competitive, or a combination of these types of activities based on its constitution.

Purpose of the sports club program

A sports club or sporting club, sometimes an athletics club or sports society or sports association, is a group of people formed for the purpose of playing sports.

Sports Clubs Council

Introduction

A Sport Club is defined as a registered student organization that exists to promote and develop interest in a particular sport or physical activity. A club's focus may be recreational, instructional, competitive, or a combination of these types of activities based on its constitution.

Purpose of the sports club program

A sports club or sporting club, sometimes an athletics club or sports society or sports association, is a group of people formed for the purpose of playing sports.

Sports Clubs Council

The Sports Clubs Council (SCC) is a student organization and subsidiary of the Associated Students, responsible for the oversight and governance of the Sports Clubs. The purpose of the SCC is to serve specific organizational, financial, and risk management needs of the Sports Clubs.

Responsibilities of clubs

- Managing club membership, registration and team affiliation (in conjunction with club registrar) Keeping an accurate record of contact details for members, officers and third parties Handling club insurance and related paperwork (e.g. filing of injury claims) Maintain appropriate records of membership and communication and club documents such as the club constitution

----- " Different Clubs And Sports " -----

There are several types of clubs :-

Volleyball

Our vision is to provide a premier club volleyball experience that encourages players to develop their skills, identify personal goals, while fostering teamwork. We focus on providing a complete program experience emphasizing individual player development that will enable athletes to compete successfully on competitive teams and at the college level. We recognize the financial costs involved in participating in a volleyball club and will ensure transparency in how this club utilizes fees. We will provide details of the time expectations for training and participation in tournaments.

Football

Punjab is notorious for having much space but sports is where the city seems to make an exception. In the last few years, the popularity of ‘turf football’ has spiked dramatically and at Club Run, we are committed to ensuring that all of our members constantly have access to the best. Club Run provides two football pitches designed to maximize your pleasure playing “The Beautiful Game”. The turf is developed with international level infrastructure and is a stellar platform to develop amateur and casual football in India. Special rates for Club Run always help! With gruelling school and work schedules, social commitments, traffic and a host of other things taking up your precious time, we want to cut through the unpredictability to offer you something you look forward to and can rely on.

Badminton

Badminton has a rich history at Club Run and the club houses five courts in two locations with top notch facilities. The club has hosted numerous prestigious tournaments including the Premier Badminton League and Tata Open. Club Run also conducts and participates in several Members only and Inter-Club tournaments respectively and the courts have been privy to the likes of Indian superstar shuttlers Saina Nehwal and P.V. Sindhu's training sessions. The main badminton room has three courts – two wooden-surfaced courts and one synthetic court. The spacious room is fully air-conditioned with high ceilings and space all around. Players get to feel and experience the game without any constraints.

Swimming

The swimming pool is one of the biggest draws for any club – most of all for those in sunny Punjab. Situated in the Old Wing, the 75 foot x 40 foot length pool is your perfect respite from the blazing heat or if you want to indulge in a full body workout. The ultimate activity for both fitness and leisure, swimming is one of the best activities you can treat yourself to. The swimming pool ranges from 3.5 feet at its most shallow point to 11 feet at its deepest. The staff is always no more than a short distance away, attentive to your needs – whether they are fun, functional or safety related. The poolside seating area is one of the most happening areas of the club, with a seating capacity of over 100. It is not uncommon to see parties of swimmers lounging in the shallow areas of the pool, conversing with their friends outside who are enjoying refreshments from the dedicated poolside pantry. There are independent dressing rooms with appropriate facilities and abundant showers for ladies and gents. The club also provides towels and upwards of 300 lockers (chargeable) to keep your valuables safe. Members and their guests are requested to adhere to the Rules and Regulations of the club, posted near the register.
